- Kurz CV:

- Jens has nearly 25 years of experience in the information technology and financial services industry. He is a highly experienced top manager, having held positions as CIO for many years. He contributes extensive know-how on how digitalization is changing and shaping the financial services industry. Currently, Jens is active as a business angel, senior advisor and independent consultant to start-up companies with a focus on fintechs. From 2015 to 2016, Jens was a senior advisor to the board of Raiffeisen Zentralbank AG in Austria providing expertise on the digital transformation of the banking industry and new disruptive technologies. Between 2002 and 2015 he held CIO positions for Raiffeisen Zentralbank and Raiffeisen Bank International for over 10 years. Jens started his career at DZ Bank, first as a quantitative analyst, followed by several IT management positions, and finally as Global Head of Investment Banking Technology. Jens holds degrees in Economics (Dipl.-Vw.) and Computer Science (Dipl.-Inf.) as well as an MBA from University of Oxford.
