

### Problem

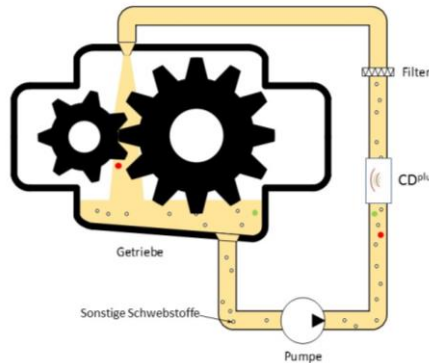

- 500 Mill. €/year
- Up to 500.000 €/failure
- Inefficient Condition Monitoring Systems (CMS)

### Market

### Solution

- Intelligent Chip Detector **CD<sup>plus</sup>**
- Integrated in the lubricant system
- Online particle characterization
- Real-time risk assessment

### Team

Michael Aufreiter  
CEO/Co-Founder

Daniel Kagerbauer  
CTO/Co-Founder

### Business Model

- ✓ Develop & sell sensor system
- ✓ New parameter for software based CMS
- ✓ Collecting specific gearbox data

### USP

- ✓ Increasing maintenance predictability
- ✓ Up to 40% damage cost reduction
- ✓ Increasing operation safety

### Traction

- ✓ New technology
- ✓ aws/PreSeed
- ✓ INiTS & TUW i<sup>2</sup>c

### Next steps

- ✓ Development partner
- ✓ Fundraising Nov. 2021
- ✓ 500.000€/prototype

### Innox GmbH (CD<sup>plus</sup>)

Projektbranche: Mechatronics

Kundenfokus: B2B

Gründungsdatum: 11.06.2021

GründerInnen:

DI. Michael Aufreiter, BSc.

DI. Dr. Daniel Kagerbauer, BSc.
