

Full-Stack Software Developer (f/m/x)

Wastics follows the vision of a sustainable waste to resource economy. With an innovative solution we offer businesses the opportunity to digitise their waste management and improve their ecological footprint. Our goal is to create a digital ecosystem for waste and resources.

Our team is currently building the B2B SaaS platform. Thus, we are looking for a full-stack software developer to support the team.

Your Mission and Responsibility

- You'll have responsibility for developing and launching new features and services and shaping our product in an early phase. Creating efficient code, testing and building systems that serve user needs will be your main goal.
- You will collaborate with a Product Manager on defining the roadmap of the team.
- You will represent the Engineering perspective of your team in cross team collaboration with Product Design, Sales, and Support functions.

When you are a highly motivated team player, but also self-driven and have an entrepreneurial mindset, join our mission to a sustainable future.

What you will bring alongside to be successful

- Java Spring Boot
- Angular; TypeScript; Progressive Web Application (PWA)
- REST API and HATEOAS
- Microservice Architecture
- Keycloak Identity Management; JWT, stateless server
- PostgreSQL, NoSQL,
- Unit testing
- CI / CD Pipelines / Jenkins
- Docker
- Interest in usability and UX standards
- Experience with Scrum and agile methodologies

What we offer

- We offer you a unique place to work, in which you are part of a creative and interdisciplinary team. Working at Wastics enables you to create innovative solutions to make our economy more sustainable.
- We love flexible working: Your times are flexible as you'll be measured by your success, not by the number of hours you clock in.
- We are a remote first company and convinced that we can do excellent work from (almost) anywhere.
- Twice a year we come together for exciting company offsites to have fun and foster relationships
- Participation in our employee stock option program.

We are legally required to mention a minimum gross monthly salary according to the collective agreement (**Vollzeit laut Kollektivvertrag**) of EUR **2.635 brutto** for this position. Depending on your experience and skills, Wastics is dedicated to a fair and customised compensation package. We prefer employment as a **freelancer** (freier Dienstnehmer or Werkvertrag, **billing on an hourly basis**).
